

How Will You Grow in Your Faith this Lent?

Adults and Teen are invited to join small faith-sharing groups

Families with young children are invited to deepen their faith with family activities

All are invited to pray for renewal at St. Matthew

Disciples in Mission is a three year renewal program for the whole parish. The goal is to create a greater awareness of our calling to be ambassadors for Christ, within our parish, and as the three year experience progresses, out into the greater community.

Disciples in Mission runs during the season of Lent. During Lent, the parish is focused together on the themes of Disciples in Mission—from the homilies during Mass and the weekly bulletin inserts, to the opportunity to join facilitated small groups using study materials that focus in depth on the themes.

The small groups will bring together parishioners at different times and meeting places, expand our shared experience of our faith with new friends of our parish family, and allow for a deepening of our community and faith experience.

There are also family booklets for use in homes.

Small group leaders will be recruited and trained in January. The training session will briefly introduce tools and materials to help facilitate the small groups.
